

Snow Equipment For This District To Be Purchased

Supervisor H. G. Loehr this morning announced that at a meeting of the board of supervisors today, he will exercise his authority under a recent resolution to purchase snow removal equipment exclusively for the fifth district.

The contemplated purchase will include a new snow blast, costing approximately \$52,000 and a loader valued at \$24,000. Simple interest of four per cent will be added over the three years the payments will be made.

A tax of 40 cents will be assessed in the district to finance purchase of the equipment. This amount is expected to pay a large portion of the cost and the tax can be substantially reduced next year, Loehr said.

The supervisors at first considered leasing the equipment so that providing incorporation became a reality it could be transferred to the city, but discovered this method was not possible under the law and the purchase was seen as the only way the needed equipment could be secured.

Two new trucks will be bought with the fifth district's share of the county's highway equipment fund, Loehr said, and Jack Meade, head of the county's public works department, said other equipment will be assigned permanently to this district, together with the men to operate it.

The additional equipment will include two 4-wheel drive trucks with snow plows, a FWD truck with sander, a motor grader, a D6 cat bulldozer, a tractor-truck with low bed for transporting heavy equipment and two snow-goes. This in addition to the equipment being ordered.

Meade has informed Loehr that he will make every effort to supply the necessary manpower throughout the winter to keep all streets and roads reasonably clear.

Purchase of the equipment was virtually mandatory due to the increased number of miles which have either reverted to the county or which have been accepted in new subdivisions throughout the district, Loehr explained.

It was emphasized by Loehr that Nevada County is supplying all the equipment possible to the fifth district under the law and that any needed beyond that point must be purchased by the district involved.

Last Rites Held For Perry Northcott

Funeral services were held at 9 a. m. this morning in Grass Valley for Perry F. Northcott, 62 a resident of Truckee for the past 13 years, who expired in Nevada City Monday morning following an illness of four weeks.

Burial was in Grass Valley cemetery. Northcott was a native of North San Juan, Nevada County and member of a well known family in the Grass Valley area. He was born January 19, 1903 and after spending his youth in Nevada County went to Gridley where he was in the trucking business.

He had been employed here in construction and was a member of the local labor union.

Northcott leaves a brother, James of Grass Valley and a son, Dr. Eugene F. Northcott of Miami, Florida. Johnny Richards and Harry Stout of Truckee were among the pall bearers at the funeral.

FUNERAL HELD FOR TED HARRIS, LONG TIME LAKE RESIDENT

Funeral services for Francis Edward (Ted) Harris, 43, who expired at his Kings Beach home Saturday from an apparent heart attack, were held Tuesday at the Wee Kirk o' the Pines with Rev. William Marx officiating.

Harris operated a small motel at Kings Beach during the summer and made his home at Varbo Linda in the winters. He is survived by his mother, Lily Harris of Fullerton.

Following the rites at Kings Beach, under the direction of the Truckee Colonial Mortuary, the body was taken to Fullerton where final services were scheduled for 2 p. m. today.

HOSPITAL AUXILIARY POT LUCK PLANNED

The Tahoe Forest Hospital Auxiliary will hold a pot luck supper at the hospital at 6 p. m. next Tuesday where a general discussion on last-minute activities in behalf of the bond election August 31 will take place.

The meat and beverage for the supper will be donated.

A GIRL ARRIVES

Teresa Leigh arrived August 12 at Tahoe Forest Hospital for her parents, Mr. and Mrs. Jack Cavender of Truckee. The little girl first weighed 7 pounds, 7 1/2 ounces.

Local Agencies To Continue Drive In Favor Of Hospital

All over the Tahoe Forest Hospital District area, the members of the hospital auxiliary and volunteers are working overtime to inform the voting public about the upcoming bond election. On August 31st, the voters of the district will go to the polls to vote for \$600,000 which is urgently needed to complete the hospital construction program as scheduled.

Three extra telephones will be installed in the hospital on election day to assure the citizens of our community that a car, driven by hospital auxiliary members, or a babysitter will reach them within minutes. Posters will appear the week before the election to remind people of their civic duty, and every boxholder in the district will receive a pamphlet in the mail to emphasize once more the critical situation faced.

Hospital administrator Delos Bristor, spoke before the Optimists on Tuesday night at Sunnyside, and has other speaking engagements planned right until election day. The Tahoe City Rotary invited Bristor and members of the board to speak before them on Tuesday the 24th, at the Tahoe Inn. Other civic groups have pledged their full support to make this last appeal to voters a success.

Unexpected increases in construction and labor costs, and a loss of promised funds from other sources made it necessary to go before the voters of the Tahoe Forest Hospital District and ask for these funds in order to assure the completion of the project, so vital to our community, Bristor explained.

Hunter Safety Class Will Start Tuesday

The annual hunter safety course for boys and girls under 18 years of age will be conducted at the Veterans' Memorial Building from Tuesday, August 24 through Saturday, August 28 between the hours of 7 and 9 p. m.

Game Warden Charles Spillner, who will head the instructors, warned that all juveniles under the age of 18 must have the training in order to obtain hunting licenses.

Four of the nights will be devoted to classroom instruction and on Saturday morning a two-hour shoot will be held, Spillner announced. Parents are welcome to attend the courses.

Last year 35 youths took part in the courses and more are expected to attend this year. Other instructors will be Bill Walker, Bud Owens and Bill Fordham.

Nine Fires In Area Despite Big Rain

Despite the torrential rain which has plagued the district during the past two weeks at least nine forest fires were started by lightning.

The suppression crew of the Truckee District of the Tahoe National Forest was engaged in stopping the fires Monday.

Two were started near Hirschdale, another on Pole Creek near Big Chief, a fourth at Shirley Lake near Squaw Valley and the fifth at the Sage Hen Creek area. None were of serious nature but indicated the dryness of the forest despite the rain.

Others were reported at Ellis Peak, Blackwood Canyon, Shank's Cove and Prosser area.

EVENTS SCHEDULED AT SQUAW CHURCH

SQUAW VALLEY — The high school youth ministry of the United Church of Christ at Squaw Valley will have a picnic at the church starting at 7 p. m. Tuesday, August 24 and then go ice skating at Blyth arena.

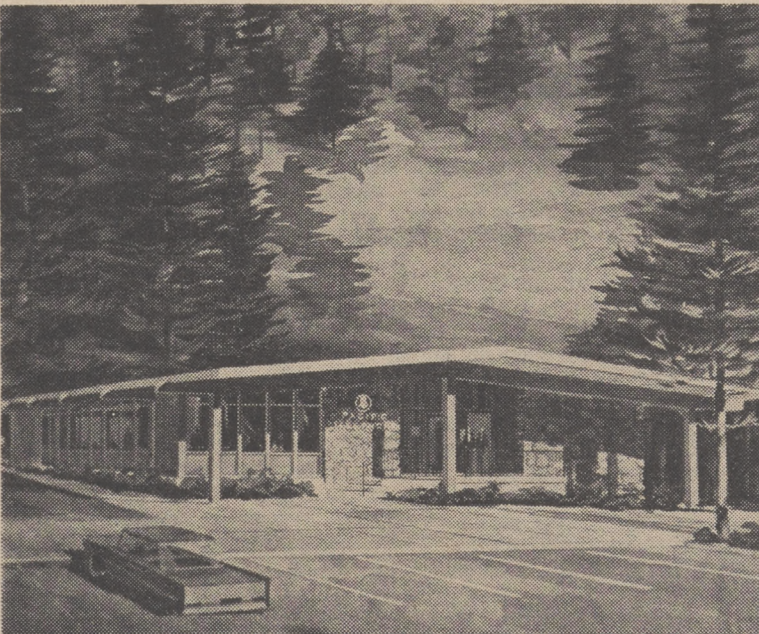

On Thursday, August 26, an all-church family picnic will be held in conjunction with the daily vacation Bible school that will be meeting during the week. Each family should bring its own supper but beverage and dessert will be furnished.

The daily vacation school will be held Monday through Friday, August 23-27. Registration starts at 9 a. m. Monday.

A Son for Farnhams—

Mr. and Mrs. John C. Farnham of Kings Beach became parents of a son, born at Reno August 6.

Telephone Company's New Tahoe Office

An artist's sketch of Pacific Telephone's new \$135,000 business office to be erected at Tahoe City at Comstock Acres. The new building will be completed in December, Company Manager J. C. Domergue announced.

New Building For Phone Company

Construction of Pacific Telephone's new Tahoe City business office is scheduled to begin by the middle of August, according to telephone manager J. C. Domergue. Murchison Construction Company of Sacramento was the successful bidder for the \$135,000 installation. Domergue said the building is expected to be completed by December.

The business office, which will be located in Comstock Acres in Tahoe City, will serve the Brockway, Homewood, Soda Springs, Truckee and Tahoe City exchanges. The design of the building, which will contain 3,400 square feet of floor space, blends in with the surrounding terrain. Construction will be of wood frame and stucco with rock veneer on the front.

Initially there will be eight employees at the new location. Increases in personnel are anticipated with the continued growth of the area, Domergue said.

The one acre lot is large enough for future growth and the building is designed for any necessary addition. Plenty of off-street parking will be provided for customers.

Dr. Max Rafferty Will Speak Locally

The Tahoe-Truckee Educational Association has received confirmation from Dr. Max Rafferty, state superintendent of schools, that he will visit Truckee on October 22. Dr. Rafferty will speak at a public session at 8 p. m. on that date at the Tahoe Truckee High School gymnasium and his speech will be on an educational subject.

The local teachers' group was pleased to help provide this opportunity for a public presentation of the state superintendent and has worked to provide this opportunity for the community.

The T. T. E. A. expressed a professional obligation to provide the community with an opportunity to hear speakers of this stature.

THREE LOCAL GUARDS ON DUTY IN SOUTH

At least three young men from this community are on duty with the California National Guard in the ravaged area of Los Angeles where 34 people have been killed, many others injured and nearly \$200 million dollars damage has been caused in the racial conflict.

While there is no definite time for the guards return, it was expected to be shortly as conditions show improvement.

Among those from here in the area are Danny Britt, who has been employed by the U. S. Forest Service, now a cook with the Auburn company; Raymond Craig, an employee of Osburn's Flying A Station and Richard Brown, son of Mr. and Mrs. Elmer Brown of Truckee.

Robert McWhinney, chairman of the Nevada County Planning Commission, has called a special meeting to discuss a use permit application from the Truckee Tahoe Airport District to erect a hangar at the airport south of Truckee. The meeting will be held in the courthouse at Nevada City August 30 at 7:30 p. m. The board will also discuss proposed changes in the subdivision map act.

Ancient Tree, Hit By Lightning For Sixth Time Saved

That the men of the U. S. Forest Service not only care for trees, but will go far out of their way to save them was proven Tuesday night.

Lightning struck a huge pine tree — an old landmark, estimated to be more than 1,000 years old — a mile south of Prosser Lake, and started a fire in the upper branches. Nelson Stone headed the crew sent to the fire and with the aid of ladders, the men climbed the 100-foot tall giant and armed with hose, kept the blaze under control and finally put it out.

The tree, eight feet in diameter, showed indications that the stroke it suffered Tuesday was the sixth in its long history.

Donner Post Will Install Officers

SODA SPRINGS—Donner Summit Post No. 811 will hold installation of new officers for the coming year at Soda Springs Lodge at 8 p. m., Saturday, August 21.

New officers to be installed are Bob Kopasek, commander; Bill Vandergrift, first vice; George Gangler, second vice; Al Magdefrau, adjutant and finance officer; Elmo Moriano, service officer; Bill Vail, chaplain; Ed Aro, historian; Leo Quinn, sergeant at arms and Ed Coltrin, judge advocate.

Also at that time, the post will award Elmo Moriano a life membership in the post for his outstanding work with the organization during the past years.

A buffet will be served by the post after the installation and the public is cordially invited to attend.

SILVER WEDDING IS FETED BY COUPLE

The silver wedding anniversary of Mr. and Mrs. Wesley Linda of Sacramento was celebrated August 14 at the Donner Lake home of her parents, Mr. and Mrs. H. C. Hall.

Mrs. Leon Carlson of Sacramento, daughter of the feted couple had planned a party in their honor at her home but the setting was transferred here where 35 relatives and friends gathered to wish them many years of happiness.

A special surprise occurred when Ronald Linda, their son who is with U. S. Air Force in Alaska, was able to fly home for the occasion.

Other guests were present from other states and cities, including Mr. and Mrs. F. E. Johnson of Denver who have been spending the summer with Mr. and Mrs. Hall.

A beautiful silver money tree was presented to the Lindas in honor of their 25 years of marriage.

PLACER COMMISSION DENIES QUARRY BID

AUBURN—The Placer County Planning Commission, by unanimous vote killed the proposal to build an aggregate quarry in a scenic meadow two miles west of Lake Tahoe.

Developer James W. Williamson of Tahoe City said when the quarry was worked out it would be flooded to make an attractive lake.

Voters Will Decide On Bond Issue At Tuesday Election

Voters in the annexed area of the Truckee Sanitary District will go to the polls Tuesday to determine whether or not bonds in the amount of \$600,000 shall be sold to finance the first phase of a sewer system to serve the communities west of the district currently serviced by a disposal system.

The area embraces Donner Lake, Meadow Park and Donner Trail subdivision among other areas and only voters in those sections are entitled to vote.

If the issue carries a grant from the federal government in the amount of \$161,000 is anticipated by the board to bring a total of \$761,000 to provide for the installation of a main disposal line to connect with the present plant, Oliver Crose, clerk of the district, said.

In event the Truckee Sanitary District ties in with a proposed super-agency being formed at North Lake Tahoe to provide a major disposal system for North Tahoe, Truckee and Donner Lake, the funds from the bond issue may be diverted to finance other phases of the necessary project, Crose said.

There will be one consolidated polling place at the Tahoe Truckee High School and it will be open from 7 a. m. to 7 p. m. A two-thirds majority is required for passage of the bond issue.

Bond Meeting Set For Friday Night

A complete explanation of the two forthcoming bond elections, one for the annexed area of the Truckee Sanitary District on August 24 and the other for the Tahoe Forest Hospital District on August 31, together with a question and answer period, will feature a meeting sponsored by the Donner Lake Resort and Businessmen Association at Donner Lake Lodge Friday, August 20 at 8 p. m.

In announcing the meeting, Ivan Tofft, president of the association, said Court Ambler, a representative of the J. B. Hannauer Co., financial advisors for the sanitary district, will be on hand along with representatives of the hospital district.

Also on the agenda will be a discussion of the new road sign for Donner Lake, a report on the future of old Highway 40 and other subjects of interest to the area. The public is invited, Tofft said.

Scores Pay Respect At McIver Funeral

The Truckee Methodist Church was filled to overflowing last Wednesday when last rites were held for James McIver, Jr., 70, who expired August 7 in a Grass Valley hospital where he had undergone a major operation.

The rites, under the auspices of Truckee Lodge No. 200, F & A Masons, were under the direction of the Truckee Colonial Mortuary with the American Legion in charge of the graveside ceremonies.

Pall bearers were Eugene Gini, Patrick Shane, Buck Shane, Nick Comola, E. E. Thompson and Robert Tonini. Honorary pall bearers were Wayne Philippi, Frank Snyder, Melvin Thornton, John McGlade, Stanley Zwarg, Ray Kimbraugh, Bryant Chamberland, Sam Faulkner, Harry Stout, Elden Tonini, Bud Mandeville, Harry Barnes, Doyle McGinn, Alvin Lloyd, Nelson Stone, Andrew Davidson, Frank Farina and Everett Parker.

HAY RIDE PLANNED TO REPLACE CAMPOUT

Truckee Donner Recreation and Park Director Randy Bobby announced this week that because of the inclement weather, the planned campout for tomorrow, Friday, has been cancelled.

In its place, Bobby said, a hay ride is planned if the weather permits. The ride will start from the Truckee elementary school at 1 p. m. and return there at 4:30 p. m. Further information may be obtained from Bobby at 587-3090.

In the fish derby, Denise Clepper was the winner with the largest fish caught, measuring 11 inches. Ann Stallop caught the most fish. Ann was visiting here with her cousins, Debbie and Linda Lomax.

Football At School Slated To Start As Practice Is Called

Bert Greene, athletic director of the Tahoe Truckee High School, this week announced that football practice will start at 5 p. m. August 30.

In preparation for the opening of school and the football schedule, dates for physical examination, issuance of equipment and other details were announced by Greene.

Physical examinations will be at the school gymnasium August 23 and 24 at 8 p. m., with the first night devoted to boys whose family names start with A through L, and August 24 for those whose names begin with M through Z.

Varsity equipment will be issued August 27 from 8:30 a. m. to 2:30 p. m. at the gym, under the direction of Coach Guy Wilson. The freshmen will receive their equipment August 30 between 8:30 a. m. and 2:30 p. m.

The local teams will have a busy schedule this season and all boys wishing to try out for the team are urged to be on hand for the physical examinations as announced.

Damage Is Caused By Storms In Area

The Truckee District office of the Tahoe National Forest reported yesterday that a total of 3.04 inches of precipitation has been recorded there since August 1. This sets a new mark in rain volume since records have been kept, Assistant Ranger Chuck Lowrie said.

A washout of the tracks near Floriston Monday halted traffic over the Southern Pacific for a time.

The continuing storms have caused considerable highway damage in widely scattered areas and washed out a portion of the Incline Village golf course, closed the Mt. Rose Highway and resulted in numerous motor vehicle accidents.

While no major damage was reported in the immediate Truckee area, a bolt of lightning struck a transformer of the Truckee Public Utility District system near the Bretthauer home in Gateway Park Sunday, causing a two hour power failure. Previously the entire north side of the district was in darkness when the lightning struck a transformer.

Almost every afternoon for the past two weeks storms have developed in the area, with lightning, thunder, rain and hail, often in cloudburst proportions. Temperatures, however, have remained on the warm side, generally in the 70's and dropping only to the high 40's at night.

FREE TB CLINIC WILL BE HELD ON FRIDAY

A free TB clinic for all food handlers has been scheduled by the Nevada County Health Department for Friday, August 20, between the hours of 9 a. m. and noon and from 2 to 3 p. m. in the county government building.

The skin tests, required by law for all culinary workers and others handling foods, such as cooks, butchers and waiters, will be given by Dr. Ray Wiser, local health officer.

QUARTERS, HALVES ARE IN SHORT SUPPLY

For the most part, money in any denomination is hard to come by these days, but Zeph Rose of the Z Market explained that quarters and half dollars are especially rare and has made an appeal to customers to pay their bills with these coins if possible.

The bank, Rose declared, is in such short supply of the "rare" coins that he is limited to \$10 in quarters and no half dollars daily. Since the latter are required at the self-service ice dispenser, he finds it difficult to supply the demand.

Those with a surplus of these coins will find a very welcome reception for an exchange for merchandise at Z Market, Rose declared.

PICNIC CALLED OFF

The Masonic family picnic scheduled for Sunday, August 22, has been postponed to a later date to be announced.

Six Are Killed As Auto Accidents In District Frequent

Ernest Davis, 41, Oakland, died in the Sacramento County Hospital at 4 p. m. Tuesday from injuries suffered in the collision of two cars near Floriston at 8 a. m. Saturday, bringing the death toll for the crash to six. All occupants in both cars were killed.

Five people were killed and a sixth seriously injured in a two-car collision a mile east of Floriston on Interstate 80 Sunday morning at 8:10.

Four of the dead, all passengers in one of the cars, were from Stockton and apparently comprised a wedding party en route to Reno. They were Jack Raymond Whaley, 27, and his bride to be, Karen Mae Kraetsch, 21, Leo Labor Corido, Jr., 32, and Lily Loretta Corido, 34.

In the second car were Ernest Davis, 41, and William B. Houston, age unknown, both of Oakland. Houston expired later in the day in a Nevada City hospital where he and Davis were taken by Truckee ambulance.

According to the California Highway Patrol the accident occurred when a large boulder, loosened by recent torrential rain, rolled down the mountainside striking the west-bound Houston car, causing it to go out of control. It careened into the east-bound lane, striking the Whaley vehicle which left the road and plunged 50 feet into the canyon landing against the Sierra Power Company flume.

All four in the Stockton car were believed to have been killed instantly. Three of the bodies were taken to Stockton by the Truckee Colonial Mortuary and Whaley's to Carson City where he leaves a mother and sister.

Officers said this was the worst accident in this area since November 5, 1963, when ten people were killed and 29 others injured in a Greyhound Bus mishap four miles east of Truckee on Interstate 80.

OTHER ACCIDENTS
A series of lesser accidents occurred on the freeway on Donner grade during the weekend, with the storm being blamed for the most part.

Aileen Uyemoto, 22, was seriously injured at noon Saturday when a car driven by her husband, Theodore Tetsuki Uyemoto, 22, San Francisco, crashed.

(Continued on Page 7)

Local Man Shoots Self In Suicide At Home At Donner

Michael Pryschodnac, 30, a division of highway equipment operator, expired in a Reno hospital about 4 p. m. Saturday from what officers said was an apparent self-inflicted gunshot wound in his head.

Deputy Sheriff Dave Eaton, who was called to the Pryschodnac home back of Don Lac Lodge at Donner Lake to investigate, said he had talked with the victim a short time prior and noted no despondency or disturbance. That was about 10:30 a. m. Saturday.

About noon, Eaton was informed, Pryschodnac left his home, walked about 150 yards distant, armed with a .22 calibre pistol. His wife, Joan followed and found her husband unconscious but still alive.

The sheriff's office was notified and the Truckee ambulance dispatched to rush the fatally wounded man to the hospital.

Eaton said he had learned that two of Pryschodnac's children by a former marriage, who had been visiting here, had been returned to Sacramento by their grandmother Saturday morning.

Besides his wife, Pryschodnac leaves two other children here, his father, Michael, Sr., and a brother, Lester, both of Florida and two sisters, Martha Cain and Theodora Adams, both living in Ohio.

Funeral services were held at the chapel of the Truckee Colonial Mortuary Wednesday at 2 p. m. with Rev. Bob Duffer officiating. Interment was in the Truckee cemetery.

CHURCH PICNIC WILL BE HELD ON SUNDAY

The Church of the Mountains will have an old fashioned barbecue Sunday afternoon, August 22 at 4 p. m. at the Prosser Lake picnic ground on Highway 89 north of Truckee.

Featured will be spareribs and old fashioned ice cream to be made on the spot. Cost will be \$2 for adults, \$1 for children 6 to 12 and 50 cents for those under six.

Everyone is invited to enjoy the afternoon of games and fun at the barbecue.

John Wirta, former local high school student, has returned to work for the U. S. Forest Service during the season after his recent discharge from the U. S. Air Force. Wirta said he had been in Turkey, Germany and nearly around the world during his enlistment.

Star-spangled way to make your money grow

Plant some of your cash in U. S. Savings Bonds and start your own private money tree. It won't mushroom overnight like a beanstalk. But once the seed is planted, it'll keep on growing at a steady pace.

You'll cultivate interest at a guaranteed rate—3½% when grown to maturity—so your tree won't have any pesky ups and downs to stunt its growth.

The tax bug won't worry you, either. Savings Bonds aren't subject to state or local income taxes, and the federal tax can be deferred until you cash your Bonds.

The best thing about this money tree is the star-spangled fruit it bears. While your tree is growing, it's helping your country grow, too, and helping to make your own

future more secure.
 If U. S. Savings Bonds sound good to you, plant now. The growing season is year-round.

Quick facts about Series E Savings Bonds

- ✓ You get back \$4 for every \$3 at maturity
- ✓ You can get your money when you need it
- ✓ Your Bonds are replaced free if lost, destroyed or stolen
- ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

Buy E Bonds for growth—
 H Bonds for current income

home are Mr. and Mrs. Robert Wood and son Ted of Santa Barbara.

Mrs. Bill Mullen and children of Squaw Valley vacationed last week in Los Altos and the bay area.

Ed Brown and his family are moving soon from Chamberlands to Pebble Beach where he will continue his educational career in a private school there. Brown was first headmaster of the Fleur du Lac School which was started here at the Kaiser estate and which is now operating at Chamberlands.

Happy August 22nd birthday to Melinda Bechdolt, daughter of Carl and Elsie Beechdolt of Tahoe City. Minda was thirteen on that day.

Employed at Tahoe State Park for the summer is college student John Strametz of Saratoga. John has just completed two years at San Jose State and will enter Los Angeles State in September as a junior.

Vacationing at their Tahoe Sierra Estates home are Dwight and Lucile Hansen and children Eric and Kristin of Menlo Park.

Denise Kimball, daughter of the Ron Kimball's of Tahoe Park, participated on August 14th when she celebrated her birthday.

Dale and Phyllis Freeland and daughters Sherry, Beverly and Cathy have moved from Tahoe Park to their new home in Dollar Point.

Vacationing in San Francisco this week are Mrs. Fred Onorato and children Christine, Brad, David and Peter Scott of Squaw Valley.

The Gary Berg family, who have lived in Tahoe City for the past several years, are now living near Cleveland, Ohio.

It's not too late to take advantage of many bargains at the "Thieves Market," the annual rummage sale of the Tahoe Squaws, which is being held at the Tahoe Lake School. The sale will continue through Saturday, August 21st at the school and proceeds from the event will go to the club's scholarship and educational projects.

What in the WORLD! by TED

A New Tide of Displaced Persons

The worst of Europe's own postwar refugee problems have been solved, but a new "imported" one has risen: the influx of Cuban refugees into Spain.

According to the Office of the United Nations High Commissioner for Refugees (UNHCR), government and voluntary agencies have managed to take care of approximately 260,000 persons who have fled to the United States from Cuba in recent years.

However, about 15,000 others have sought asylum in Spain, where facilities for their care are pitifully inadequate.

For further information on the U. N., write to: United Nations Association of the U. S. A., 345 E. 46th St., New York, N. Y. 10017.

UNHCR says that while a few manage to recross the Atlantic to America, about 500 new arrivals monthly continue to swell the number in Spain.

UNHCR has made \$200,000 available to speed the westward flow of hardship cases — mainly involving reunion with close family members already in the United States. The measure is an emergency one, and plans are being worked out for more massive aid for what UNHCR calls "the most pressing new refugee problem to develop in Europe."

Industrial Spaces All Full for County Fair

Every available space in the industrial section of the Nevada County District fair grounds which is occupied by automobiles, tractors, farm machinery, house trailers and campers, has been sold and nearly every auto dealer in western Nevada County is represented.

30-Year Employee Named Vice Pres. With Power Co.

Merle H. Atcheson, a 30-year employee of Sierra Pacific Power Company, was elected senior vice president of the utility Tuesday by the board of directors at a special meeting in Reno.

Atcheson, a native of Gardnerville, was elected vice president in charge of engineering in 1960 and assumed additional duties as operations vice president earlier this year. His new position supersedes the previous combined positions.

The new senior vice president was graduated from the University of Nevada in 1935 with a bachelor of science degree in electrical engineering.

Atcheson started working toward the vice presidency by spending his first ten years in electrical testing, maintenance and construction.

For the last 20 years Atcheson has handled many varied engineering assignments for the company including load forecasting and planning, design of facilities, cost estimates and studies for regulatory agencies.

He joined Sierra Pacific in May, 1935, as an assistant engineer. He was promoted to chief engineer in

MERLE H. ATCHESON

1955 and spent five years in that capacity before moving up to vice president in charge of engineering.

Atcheson is a registered professional engineer in Nevada and California.

Neill W. Plath, Sierra Pacific president, said Atcheson earned the senior vice presidency through diligent effort on behalf of Sierra Pacific and the new position would best make use of his diversity of experience with the utility during the last 30 years.

TRUCKEE

DONNER DOINGS...

By Vi White

What's happened to the weather? Wow what rain. The lake has gone up a foot at least.

Each morning fools us, sunny and warm, but soon the ole clouds appear from nowhere and before long another thunder storm is upon us. We just about bale out the boats and they get wet again.

Waterskiers have defied the weather though, as well as the fishermen and sailors. Can't judge what to do, sometimes there is a wind and sometimes not. Saw a couple of sailboats get stranded out in the lake when the wind died down and the rain came down.

It will take a hot sun to dry the area out, but with all the little fires being started by lightning, guess the forest service hopes it won't dry out too soon.

Certainly feel sorry for those building homes, and the campers. Many have found shelter in the numerous motels. "No vacancy" signs were all on over the weekend.

The snow skiers, members of the Bay Area Council of Far West Ski Association, had a great time at Donner Lake Lodge in spite of the goofy weather.

Four fake salamis were strung up in front of a huge canvas and to win a real one, all you had to do was hit one of those dangling things with a potato. It could be done too—that nice fresh salami was delicious!

The "Dunkin'" game was set up with a big bucket of water perched over a fellow or girl seated in a chair, then those who took a chance, threw darts at the bulls eye and if one went into the center hole, it popped a balloon and through some intricate rope system, down came the bucket of water! Wondered how the dunkers were

made to sit there? They got free beer or ski rides. The Viking Ski Club won the volleyball trophy again.

Our son Private Charlie writes from Fort Monmouth, New Jersey, that they have had lightning storms too. One bolt hit the new flag pole, but it only burned the rope. He is now Squad Leader of the 2nd Squad on the Drill Team, and has crossed bayonets at military weddings and marched in parades. He finds his classes in electronics very interesting.

Noel and Ruth Danner and their young son have gone back to Hawaii after a wet vacation here at their cabin. They thought they'd get away from the daily island showers, but not this time.

Their daughter Marilyn will be leaving soon to continue her studies at the University of Wyoming.

Pete Haggard of Dixon made a surprising remark the other day: "Being up here at Donner Lake makes me grouchy—especially when I know we'll have to go back home soon." He recently caught some nice kokanee—says you have to troll deeper now than earlier in the season.

Donner Summit News

Saturday was a big day for the Bay Area Council Ski Clubs. During the day there was the water ski tournament, games and other events. For the evening a progressive dinner was underway. The B. A. C. summer carnival was under the direction of the Far West Ski Association, the chairman was Tom Lowe. Peninsula Ski Club and Viking Ski Club hosted the cocktail party, Marin Ski Club served the soup course, Oakland Ski Club served the salad and the main course was served by the Sierra Club.

In attendance was the former Joann Davies, Sno-queen, who is now Mrs. Dave French.

Mr. and Mrs. Don Beardsley of Big Bend have as guests this week his parents from the Angeles Forest. The senior Beardsley is the district ranger there.

Miss Karen Conden, the new cook at the Sierra Club celebrated her birthday last week with a party at the lodge.

There seems to be an overload of campers and hikers in the back

SCHOOLS SHOW BIG INCREASE IN COUNTY

Figures released recently by Albert F. Bequette, Placer County superintendent of schools, indicates that Placer County has hit the 20,000 mark in school attendance for the first time.

Most districts within the county increased their enrollment, with many making significant jumps. Placer Union High School led the high schools with 2,605, an increase of 279 over their previous year's total. Roseville Joint Union had 1,919—an increase of 211; Lincoln Union High School had 520—an increase of 42; and Tahoe-Truckee had 1,192—an increase of 28.

Sierra Junior College's enrollment increased to 1,735—an increase of 249.

The county totals were 20,126—a total increase of 1,644 students—or an 8.2% increase. This is in comparison to the 1963-64 increase of 9.5%—and the 1962-63 total of 5.5%.

lake area this month. There have been several small lightning fires in the Big Bend district lately. All were controlled early and no damage has been caused.

Dinners in New England were called "square meals" during the late 18th century because most of the food was prepared in square tins.

Horticulturists agree that prune-plum trees were native of Persia and were brought to Europe by Alexander the Great after his Persian conquests.

"LAKE ECHOES"By Bethel
Phone Reno 322-9780

Rain isn't a very popular word with North Shore residents but everyone should be happy the summer of 1929 wasn't repeated this year. Gene Sigg, longtime resident of the North Shore and now of Reno, says the summer of 1929 had rain every single day.

As a child, we can remember being snowed out of Homewood the middle of August. Cousin Norma Obexter remembers several feet of snow the first of September at Homewood too. So guess this is just another "unusual" spell of weather.

"Fall Fashion Flairs" featuring clothes from Faulstich Fashions is the annual benefit of the American Cancer Society, Washoe County Unit, to be held Wednesday, August 25 at the Reno Elks Club, 11:30 a. m. no host cocktails with noon luncheon.

Kathie Blaikie "Miss Nevada" and Linda Draney "Miss Lake Ta-

hoe" and "Miss Sierra Sno-Flake" will both model in the show. Planning to attend from North Shore area are Inez Jordan, Pearl Draney, Marlea Tamblin and Lucille Caine.

Bill and Joellen Knight and baby, William David of Sacramento visited her mother, Marjorie Beabout, and father David Ashton and family at Kings Beach and her brother and his wife, David and Lynn Ashton at Incline Village last weekend.

Happy birthday to Tracy Lynn, daughter of David and Lynn Ashton of Incline Village who was one year old on August 6th. Grandparents, the David Ashtons and son Mike, of Kings Beach helped to celebrate the occasion at a family dinner.

George Gled and daughters, Jennifer and Candice of Incline Village visited mother and grandmother, Iris Gled, at Lima, Montana, this past week.

Happy birthday to Paul Bachman of Agate Bay and Chico who celebrated his ninth birthday on August 20th. Sister, Carol, will ob-

serve her birthday on September 5th. They are the children of John and Muriel Bachman and have a sister, Nancy, and two brothers, Stephen and David. Bachman is swimming coach at Chico State and teaches at several resorts during the summer as he has done for the past several years.

Congratulations to David and Lynn Ashton who celebrate their second wedding anniversary on August 31st.

Jack and Velda Farris of Incline Village entertained at their house guests last weekend, Johnny and Janet James and Johnny, Jr., and Kathy of Simi.

John and Dorothy Corbin of Kings Beach hosted a pot luck supper to which the Eastern Star members and their families were invited.

Captain Robert Ferrari, son of Ben and Nora Ferrari of Kings Beach is now stationed in Saigon. He arrived there around the 1st of July and is in the Army Engineers in charge of supplies. Wife, Audrey, and children, Robert Danny and Marisa, are residing at Yerington with her parents the Vic Bernards, while he is away.

Spending the summer vacation at Lake Tahoe with the E. L. Kings of Incline Beach was Elsbeth Huwiler who recently came to the United States from Sinsinistra, Switzerland. Elsbeth majored in business and language and returned to

A PRINTER'S ERROR HAS COME TO BE A MUSEUM PIECE. ONE BILL ISSUED IN THE EARLY HISTORY OF THIS COUNTRY SHOWS THE AMOUNT OF ONE DOLLAR ON ONE SIDE, TEN DOLLARS ON THE REVERSE.

A PRINTER'S ERROR HAS COME TO BE A MUSEUM PIECE. ONE BILL ISSUED IN THE EARLY HISTORY OF THIS COUNTRY SHOWS THE AMOUNT OF ONE DOLLAR ON ONE SIDE, TEN DOLLARS ON THE REVERSE.

**DRIVERS' LICENSES TO IDENTIFY UNDER 21's**

California drivers' licenses will soon appear with two kinds of photographs.

Minors under 21 years old will be issued licenses with profile, or sideview photographs. Adult drivers will still receive the customary license with a front-view photo.

The new license photos will permit quick identification of minors by a look at the driver's license, and will effectively prevent alteration of age on a license.

First "profile" photos will be taken after September 17, the effective date of the 1965 law directing DMV to issue such licenses to minors.

Director Tom Bright pointed out Sunday. All drenched to the skin from the sudden downpour, they took refuge at the Crom's home where they continued their picnic in comfort.

Glen and Bonnie Weldon and daughter, June, of Visalia and Glen and Flo Silvy and daughter, Cheryl, of Hayward, were house guests of Harry and Ceta Hooper and sons, Jon and Charles, at Brockway.

that it will be several years before all minors hold the side-view licenses, because those now held by minors will be good until their normal expiration dates.

"A profile photograph on a license will be a sure indication that the persons is under 21 years of age," Bright said, "but it will be some time before a license with a full-face view will indicate with certainty that a driver is over 21 years of age."

Other 1965 legislation was passed to require driver license applicants, beginning September 17, to furnish proof of their age. Such evidence should be a birth certificate, baptismal document, or transcript of other official records acceptable to DMV.

The DMV chief said that a minor holding a license showing the profile photo may apply for an adult's license with full-face photo immediately upon reaching his 21st birthday. The state will issue such a replacement license on payment of a \$1 duplicate fee.

Similarly, in cases where the present holder of a license with full-face photo applies for a minor's profile photo license, the change will be made on payment of the \$1 fee for a duplicate license.

Minnesota with the Kings for a year's stay. Also returning to Minnesota with the Kings was Hildegarde who has been with them the past four years from Switzerland.

Paul and Grace McMillan were Kings Beach visitors from Reno over the weekend. The McMillans formerly owned the P & G Market now known as the Lakeside Market in Kings Beach.

Frank and Margaret Austin of Tahoe Vista enjoyed a visit from Margaret's sister and family, Mrs. Charlene Karcher and Jerry and Sandy of Sacramento. On Saturday the Austins and Karchers were joined by Pauletta Erickson and Randy Austin for a trip to Reno to see the Shrine Circus.

Our sympathy to the family of Ted Harris who died unexpectedly at his home at Kings Beach on Saturday. Ted's wife, Ruth, was killed in an auto accident in Palm Springs a couple of years ago after having operated a summer beauty shop in Kings Beach.

Terri Baker and son, Eddie, of Incline Village enjoyed a trip to Washington where Eddie stayed on for a vacation.

At Seattle Terri visited son and family, the Mike McCarty's and at Port Orchard visited daughter and son in law, Jackie and John Sayers.

A hayride and cookout has been planned for August 28th for the members and their wives of the Optimist Club according to President Carl Shaff. The ride will take about an hour and a half via wagon. Among those planning to attend are Bill and Janet Ellison, George and Pat Sayre, Harold and Ann Tiller, Bill and Toni Lowden, Carl and Marilyn Shaff, Gil and Doris Richmond, Greg and Virginia Engelhard, Herman and Lorraine Murphy, Gene and Betty Fowler, Tom Kavanaugh and Vivian Brigrance.

Cathy Duellke of Encino was a house guest of Bill and Eleanor Egan at Brockway this past week. Cathy went on to Eugene, Oregon, to visit relatives afterwards.

A cocktail party was given for Cathy by the Egan's to which Clark and Deede McKinney of Kings Beach and Ted and Pearl Draney of Incline Beach were invited.

Bernie and Bob Jansen and children, Greg and Debbie, of Incline Village entertained Mr. and Mrs. George Jansen of El Sobrante over the weekend.

The Ronald Byrnes of Incline Village hosted a tea Tuesday which

was sponsored by the Episcopal Church Guild to welcome Vicar and Mrs. David Graham of St. Patrick's Episcopal Church at Incline Village.

George and Dorothy Williamson of Reno, formerly of the North Shore, entertained his sister, Mrs. Ethel Kord of Richmond, this past week.

Freddie Schultz, son of Fred and Alysmae Schultz of Crystal Shores, received his commercial pilot's license at Alameda where he is stationed.

Jay Mandeville of Incline Village suffered over fifty stitches on his back when he fell from a crane while working at Incline. However, it was not serious enough to keep him from work.

Lael Margrave and Mary Phippeny of Brockway are back home after a trip which took them to Oceanside, Lake Arrowhead and the Los Angeles area.

Guests of Mrs. Margrave this week were Bruce and Mary Johnson and daughters, Freja and Laura Lael of Carmichael.

Don and Betty Mays of Incline Village entertained nieces, Pauletta, Elaine and Janice Mays of Fountain Valley, their son and daughter in law, Dick and Mary Lou Mays of Simi and their friends, George and Marie Romaine of Encino recently.

John Radebaugh of the Sierra Tahoe advises that 5 new units were opened two weeks ago and 54 more will be opened on the 22nd. This makes a total of 212 rooms. Enjoying dinner at the Sierra Tahoe Pavilion were Paul and Sally LaFrance, Rod and Delia Hamblin and Bethel Van Tassel. The dining room is now carpeted and the casino has Willie Restum entertaining. This is a gorgeous spot because of the setting on the lake and the architecture.

W. P. and Cora Slattery have purchased a second home at Incline Village and commute between here and Encino. The Slatterys have a son, Ted, and daughter in law, Phoebe, and grandson, Mike. He is owner of the West Coast Air Supply and they come to the area as golf and ski enthusiasts.

John and Noreen Crom and children, Joe, Judey, Suzie, Chris, Sean and Mike of Incline Village, Ed and Ann Boyer and children, Bruce and Jess of Walnut Creek and Glen Boyer of Oregon, were rained out from their picnic at Sand Harbor

Vive Les Girls Continues to Please at Nevada Lodge

A few of the girls who make up Frederic Apar's sensational revue which is continuing to please large audiences and diners at the Topaz Room in Nevada Lodge at North Lake Tahoe.

Vive Les Girls Still Worthy Attraction

CRYSTAL BAY—Considered by many the outstanding entertainment dividend at Lake Tahoe is the spectacular Vive Les Girls revue new playing to capacity audiences in the Topaz Room of North Lake Tahoe's Nevada Lodge.

The new third edition of impresario-producer Frederic Apar's sensational Paris created show outshines his two earlier presentations which were hailed then as "unique," "startling" and the "most entertainment to come to the Reno-Tahoe area in years."

The 1965 edition of Vive Les Girls features a large cast of continental artists in more than a dozen breathtaking scenes. Producer-Director Frederic Apar reports the stunning new revue offers "adults only" entertainment in song, dance and original musical presentations—complemented by unusual costuming and striking stage settings.

Throughout the Vive Les Girls revue, the orchestra directed by John Carleton keeps pace with the constantly changing stage activity.

Alternating with the Vive Les Girls revue on the Topaz Room stage are the fabulous comedy duo of Deedy and Bill, one of the most popular pairs to visit the shores of the mile-high lake.

Wild Deedy takes charge of the show and the audience from the moment she makes her entrance by crawling up over the stage from the pit. Things start out wild and then get wilder. Backed by friend Bill's terrific piano artistry, the duo are a comedy team that has scored mightily in many return engagements at the lodge, North Lake Tahoe's largest year-round resort-hotel-casino. Deedy and Bill will hold forth on the Topaz Room stage through September 12.

Show times for the Vive Les Girls revue are 9 p. m. and midnight nightly, and 9 p. m., 11:15 p. m. and 1:30 a. m. Friday and Saturday.

PROMINENT NEVADA ENGINEER EXPIRES

Funeral services were held in Reno at 1:30 p. m. August 11 for A. J. Shaver, 67, a prominent Nevada electrical engineer, who died here on August 9 following a heart attack which occurred at his home near Tahoe City.

Shaver, chief engineer for the Colorado River Commission for 20 years, had been prominent as an electrical engineer since 1924.

He was a native of Battle Creek, Michigan, and came to this region with his parents when a boy. He graduated from the University of Nevada and joined the staff of Sierra Pacific in 1924. He was employed by that company until 1936.

In 1944 he went to Las Vegas to become engineer for the commission, retiring in 1964 to make his home with Mrs. Shaver at Lake Tahoe.

Wake Island in mid-Pacific Ocean, four and one-half miles long and two and one-half miles wide is only 15 feet above sea level at its highest point.

PAROLE IS DENIED TO YOUTHFUL BURGLAR

AUBURN—A young prison parolee, who spent nine of his 24 years behind bars, was sentenced to state prison last week for admittedly burglarizing a residence at Tahoe Silver Creek tract.

The sentence was meted out by Judge Ronald G. Cameron, who had no choice after Probation Officer Joseph Oelletier recommended that the youthful parolee be denied probation.

In 1936, Dorothy Kilgallen, a columnist, became the first woman to circle the earth by air.

The California State Automobile Association reports that seven percent of all drivers are twenty years of age or younger.

The 1964 production of coffee in the United States was 13.5 million pounds and was worth almost \$4 million.

NON-DISCRIMINATION

Truckee Public Utility District has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, the Rural Electrification Administration or this organization, or all, a written complaint. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO (CNS)—It seems the state highway department should have more recognition than it has over the near completion of old U.S. 40, now Interstate 80, from Sacramento east to the California state line, en route to Reno.

People who drive the road these days may not remember what a man-killer it was a few years ago. The many accidents, the deaths from traffic crashes, all have been cut down by a feat of engineering that may be unequalled in road building any place in the world.

They also may not remember the grueling hours it took to drive the highway from Auburn over the hump to Truckee.

Nor may they remember the

heavy snows which some times closed the road for days and halted all transportation east, despite the prodigious efforts of the highway snow removal crews to keep the route open to traffic.

Of course, the winter snows still are a hazard, but with the modern methods of stopping all traffic for chains when the going gets slick, and the improved equipment operated by the snow crews, delays are being minimized.

Last week, we drove from Truckee to Sacramento in an hour and a half. This was a Sunday afternoon, when traffic, in mid-summer, used to make the same trip at least a three-hour jaunt.

Traffic moved at a smooth 70 to 75 miles an hour, not a dangerous speed for the condition of the highway, and the amount of traffic thereon. Where once hours of time were wasted following huge trucks, those vehicles kept to the right side of the highway were they belonged, and let the swifter traf-

fic pass by.

Nor were there any accidents viewed, and no hold-ups to traffic to wait for ambulances and wrecking cars to clear the road.

Gone is the twisting, winding, tortuous three miles from the head of Donner Lake to the top of Donner Summit. One can see the old road from the new highway, and a couple of lone cars were wending their way up, possibly tourists seeking the view from the Donner Bridge.

Also gone are the speedsters who attempted to cheat around the corners, and endangered all of the traffic. Now, they move along fast enough with the moving throng.

A ten-mile stretch between Auburn and Colfax, four-laned but not full free-way, is all that is left to remind the traveler of those "good old days" of hectic driving. There are plenty of mountain roads left if anyone wants to return to them. And indications are from work on the road that the ten miles not yet full freeway is on the way.

Even stopping off for gas, although that isn't necessary if the driver is ordinarily prudent, is not a chore. Turn-outs to stations are frequent, and getting back on the road is no trick at all.

These observations may seem commonplace to the youngsters who are just starting to drive. But after better than forty years of motoring from Sacramento to Reno, least often as possible, it would seem something is missing if it were not mentioned. The fact that the drive has become a pleasure instead of a chore is a tribute to the foresight of legislatures that made it possible, and a crew of highway engineers which did the work.

COMPLICATIONS ARE SEEN IN PLANS MADE TO KEEP LAKE CLEAN

SACRAMENTO — (CNS) — Another proposal to save the beauty of Lake Tahoe was being considered by the California Water Commission today, after the commission had heard a myriad of other suggestions at its meeting in Tahoe City over the weekend.

A representative of El Dorado County suggested that the commission review the negotiations of the California-Nevada Compact Commission, which he charged is paying more attention to the demands of downstream water users in Nevada than it is to the needs of the Tahoe area.

Alvin Landis, a Sacramento attorney who is special counsel for El Dorado County, made the request after the commission heard a complex series of presentations concerning the Lake Tahoe problem.

Some of the complicating factors are:

All waters flowing out of Lake Tahoe are allocated to use in Nevada for water supply and power production purposes.

If sewage is exported from the Tahoe Basin, it will require water to carry it—water not owned by Tahoe interests.

To replace this water, there must be imports from other areas, probably the upper American River basin, which is opposed by virtually everyone in that watershed.

North Tahoe has made up its mind where it will export sewage effluent—the Martis Creek Valley near Truckee, but hasn't yet organized the necessary districts to finance the multi-million dollar operation.

South Tahoe can export either into Nevada, over the Luther Pass into the West Carson River watershed, or into the American River to the west. However, the American River interests oppose the sewage export as much as they do giving up some of their water to the Tahoe basin.

All interested, including two states, five counties, a dozen districts and 80 separate water companies, agree that it is a complex and controversial problem. They also agree that if even treated sewage continues to seep into Lake Tahoe, the famous clarity of the water soon will be replaced by a murky green.

But the experts do not even agree on the time such an undesirable transformation will occur.

ONE OUT OF TEN ARE RESIDENTS OF STATE

SACRAMENTO — (CNS) — One out of every ten Americans now live in California, Hale Champion, state director of finance, announced today in issuing revised population estimates.

He said figures show 18,756,000 people are now residents of this state.

Of the total population, he lists 25,100 residents of Nevada County, a gain of 4,189 in 5 years.

The population estimate marks the half-way mark of the 1960 decade, and since 1960, date of the last federal census, more than three million people have been added to California's population.

TAHOE MAN HELD ON VARIETY OF CHARGES

TAHOE CITY—James D. Hoskins, 30, Tahoe City, was booked in the county jail at Auburn for investigation of attempted escape, assault with a deadly weapon and an ex-convict in possession of a gun, after he was accused of holding two lodge employees at gunpoint for four hours.

Lieutenant Max Bennett said Hoskins threatened the lives of Frederick W. Niemann and Florence A. Wild, employees at Sunnyside Lodge until they persuaded him to release them.

Bennett said the suspect threw the .22 calibre pistol into the lake and attempted to escape when deputies tried to arrest him.

A lodging house and barroom built in Monterey in 1845-47 was converted in 1848 to become California's first theatre.

FUNDS APPORTIONED TO SCHOOLS IN STATE

SACRAMENTO — (CNS) — Advance apportionment of the state school fund for the fiscal year to end June 30, 1966, amounts to \$864,976,617, Max Rafferty, state superintendent of education, announced here today.

Total amount apportioned to Nevada County, including the county school service fund budget, was \$859,927.

Rafferty notified county school superintendents and other officials that warrants will be provided each month through July to February, distributing the school funds throughout the state.

The "Liberty Tree," a redwood in San Francisco's Golden Gate Park, was planted by the Daughters of the American Revolution in 1894 to commemorate the Battle of Lexington.

CONVENTION CENTER PROPOSED AT TAHOE

TAHOE CITY—Placer County Supervisor William Briner said he will ask his fellow board members to authorize construction of a combination convention and recreation center to be operated by the county in the Tahoe City area.

Briner said many organizations want to hold conventions and meetings at North Tahoe and that he believes it would pay for itself.

ACCIDENTS

(Continued from Page 1)
cisco State College student, skidded
and ran over the embankment
above the Schultz home along Don-
ner Lake. The driver was cited for
traveling too fast for conditions.
Winifred A. Kenny, 40, San Fran-
cisco, and her passenger, Michael
Dixon, 12, of Los Altos, were taken
to the Tahoe Forest Hospital with
major injuries at 6 p.m. Saturday
after the car was wrecked just east
of the Donner Lake interchange on
the summit.

At 6:50 p.m. Saturday, major in-
juries were suffered by John O.
Russell, 35, and his passenger, Dor-
othy L. Brown, 25, both of Castro
Valley, when the car skidded on
the wet pavement and plunged off
the freeway just east of the Soda
Springs interchange.

All the injured were taken to
Tahoe Forest Hospital by Truckee
ambulance.

MORE ACCIDENTS
Three members of a San Jose
family, Jen Yu Wang, 47, Nobuno
Wang, 36, and two year old Juliet
Wang were injured at 2:20 p.m.
Monday when their car skidded and
rolled down the embankment, strik-
ing a tree near the Soda Springs
overcrossing. The driver was cited
for not having his vehicle under
control.

Two members of prominent bay
area families, Page Roos, 17, and
Rubin Hills, 15, both of Hills-
borough, were hurt at 3:15 p.m.
Monday when their car ran off the
freeway near Castle Peak intersec-
tion. Roos was cited for having
sick tires. Both were taken to Ta-
hoe Forest Hospital by Truckee am-
bulance.
Helga K. Stoltz, 25, San Francis-

Three members of a San Jose
family, Jen Yu Wang, 47, Nobuno
Wang, 36, and two year old Juliet
Wang were injured at 2:20 p.m.
Monday when their car skidded and
rolled down the embankment, strik-
ing a tree near the Soda Springs
overcrossing. The driver was cited
for not having his vehicle under
control.

Two members of prominent bay
area families, Page Roos, 17, and
Rubin Hills, 15, both of Hills-
borough, were hurt at 3:15 p.m.
Monday when their car ran off the
freeway near Castle Peak intersec-
tion. Roos was cited for having
sick tires. Both were taken to Ta-
hoe Forest Hospital by Truckee am-
bulance.

co, was taken to the hospital at
4:35 p.m. Monday after her car
left the freeway near the Donner
Lake interchange when a tire blew
out. A dog in the vehicle was lost
for a time but later found safe.

FREAK ACCIDENT
Earl Garrett, 26, and Geraldine
Garrett, 26, of Hayward, were taken
to the hospital at 1:30 a.m. Tuesday
following a freak accident near
the Nevada state line. According to
the CHP, the couple was following
a truck driven by William Pisto-
rius, Salt Lake City, when both dual tires
came off the truck, the other landing
on the road. In attempting to avoid
the tire, Garrett swerved his car
and struck the rear of the stalled
truck.

STILL MORE WRECKS
Four vehicles were wrecked in
the vicinity of Hirschdale Tuesday.
In the first a light car overturned
on the highway and the driver pro-
ceeded to Reno and reported the
crash. Another car ran off the
bridge at Boca and in this, too, the
driver called the CHP from Reno
to report no one was injured.
Names of the drivers were not
available at the local CHP office.

Dorothy C. Cahill, 45, Reno, stop-
ped to view the overturned car
and her car was struck in the rear
by a pickup driven by Daniel Wer-
ner of Ontario, Canada, Mrs. Ca-
hill suffering minor injuries.

Alta Dyer Black, 52, Kings Beach
escaped serious injuries when her
car skidded and knocked out ten
feet of guardrail a mile west of
Hirschdale Tuesday at 1:30 p.m.

Credit Card Fraud Reported by NAC

National Automobile Club reports
an unusual instance of the fraudu-
lent use of a credit card which
came to light through the FBI in a
southern city.

The name, credit card number
and expiration date on the plastic
cards were altered with the use of
a "hot needle" and the cards were
easily passed without suspicion.

The plastic cards when subjected
to heat melt rapidly, and through
the skillful application of a heated
tool, were altered so that only
when sent through automatic pro-
cessing machines were the altera-
tions detected.

To Wed—

Gary Peard, 20, and Madelyn Kammerer, 19, both of Truckee obtained a marriage license at Reno.

Leslie Baylor, 29 of Crystal Bay and Audrey Blake, 23 of Incline Village were issued a Nevada state marriage license.

TRUCKEE LEADS AS STATE PORT OF ENTRY

Travel into California by way of Truckee continued to set records last month when 228,220 cars, trucks and buses were checked going west through the Truckee quarantine station.

This compares with 17,833 for last month and 253,672 during July last year.

Truckee maintained its position as the most used station, with Meyers second with 183,298 vehicles checked.

JAMES STEWART

Vicki Firpo, Glenn White Rites Held

Maria Victoria Firpo became the bride of Glenn Harry White Sunday, August 15 at a pretty wedding, in the Gateway Park home of her parents, Mr. and Mrs. L.J. Firpo, with the Reverend William Marx performing the nuptial service.

The bride, given in marriage by her father, selected a floor length gown of white taffeta, with a train, lace trimmed the sleeves. Her shoulder length veil, supported by a bow completed the attractive ensemble and her bouquet was composed of white daisies.

Mrs. Duane Anderson, who was her sister's only attendant, chose pink as the predominating shade for her gown, accessories and bouquet of daisies.

Gordon Weir served as best man and ushers were John Firpo and Duane Anderson.

Mrs. Cecil Edmunds played appropriate piano selections. Guests gathered on the patio to greet the happy couple and the new Mrs. White cut the wedding cake in the lovely background setting of the garden and tall pine trees.

After a honeymoon at an undisclosed destination, the newlyweds will reside in Scottsdale, Arizona.

Mr. and Mrs. Glenn White, Sr., parents of the benedict, arrived from Kansas and many other relatives and friends were also present from San Diego, San Jose, Oakland, San Francisco as well as other northern California cities.

Tahoe Lake Near Maximum Height

It is quite possible that for the first time the gates into the Truckee river from Lake Tahoe will be opened to prevent the level of the lake from reaching the maximum allowed 6229.1 feet.

On Tuesday, Daryl DeWalt, observer at the gates, reported the level had reached 6228.84 feet with 70 cfs leaving the lake.

Never in the history of the lake has it reached its seasonal peak in August and never has it been necessary to open the gates this late in the year to prevent exceeding the maximum level.

Recent heavy rains are held responsible for the present conditions. For the six days ending Monday, a record 3.82 inches of rain had been reported at the Meyers station. While the precipitation was not as heavy at the north shore of Tahoe, DeWalt reported that during

Tahoe Yacht Club Regatta On Sunday

CHAMBERS LODGE — Preparations have been completed for the annual Tahoe Yacht Club regatta Sunday at Chambers Lodge Course, L. Howard Good, this year's chairman, announced. The events will start at 9:30 a. m. and continue through 12:30.

There will be 14 races, starting with the 140 HP and under and concluding with the bang-and-go-back, open to all except outboards and hydroplanes.

The events are for both men and women and include 160 HP and under, ladies' championship, 185 HP and under, 225 HP and under, 285 HP and under, 350 HP and under, 425 HP and under, Lake Tahoe championship, three laps open to boats over 425 HP and the Tahoe Yacht Club relay championship. There will be an outboard race for B hydroplanes and utilities and a steamboat race.

Hugh F. Mullin, Jr., is this year's commodore and L. Howard Good is vice commodore; Lewis A. Marsten, Jr., port captain; William Nagle, Jr., rear commodore and J. Allen Bray, secretary-treasurer.

On the regatta committee are Good, Marsten, Jay Murphy, Jack Kealy, Rocky Mullin, Kay Bray, Jane Good, Bobbie Mullon, Kathy Bray, Louise Moroney, Frank Gregory, Edward Wallis, Kjell Rustad, Hellen Mullin, R. Randolph Walker, Michael Brown, Hank Alrich, Danny Mullin and Marshall Kraus.

IBSEN RETURNS FOR AUTO THEFT CHARGE

GRASS VALLEY—Clyde George Ibsen, confessed slayer of a Winnemucca, Nevada, Indian tribal leader whose body has not been found, waived extradition to Humboldt County, Nevada.

Earlier this week Ibsen, who is 30 and a resident of Toms River, New Jersey, was arraigned on a fugitive warrant from Nevada on an auto theft charge. Public defender Harold F. Wolters was appointed to represent Ibsen in the Nevada Judicial District Court.

The Earl Schmidts are here from Castaic, enjoying the stay in spite of the recent display of lightning with thunder and rain.

Saturday and Sunday .58 of an inch was recorded.

The downpour caused flooding in the south lake area and the Emerald Bay road was closed temporarily because of an earth and rock slide.

CARD OF THANKS

We wish to express, in some measure, our heartfelt thanks to our many friends who sent messages of sympathy, beautiful floral offerings and donations to the worthwhile causes during our recent bereavement. We are very grateful to all who have been so considerate.
